Panel (a) is a table displaying data with columns labeled κ_1, k, m, e.o.c, and i_{eff}. The table contains numerical values organized in rows under two main categories, 5 and 100. Panel (b) shows a detailed triangular mesh pattern with a dense center, indicating a refined mesh. Panel (c) displays a similar triangular mesh with a less dense center, suggesting a coarser mesh.

8	fig2.jpg		A triangular sketch with a grid of smaller triangles inside, representing a mesh structure. The base of the triangle is labeled as 48 units, the height is divided into two segments labeled 44 and 16 units, and the thickness is indicated by "t" with an arrow pointing to the edge. The left side of the triangle has a series of parallel lines.
